SKILLS

- ❖ **Node.js**, **Express.js**, Asp.Net Core, MVC, Web API, EJS
- ❖ **C #, Object Oriented Programming, Core Java**
- ❖ **SQL, Sql Server**, **PostgreSQL, Prizma ORM, Entity Framework Core, Strapi CMS**
- ❖ **Next.js, React Native, React.js, Javascript(ES6+)**, **HTML 5, CSS 3**, Bootstrap
- ❖ **Git, GitHub** and Version Control
- ❖ **Visual Studio 2022, SSMS 20, Postman**

EDUCATION

- ❖ Master of Computer Application | 8.6
  CGPA | *(July 2022 – June 2024)*
- ❖ Bachelor of Science (Mathematics) | Veer Bahadur Singh Purvanchal University, Jaunpur
  71.55% | (July 2019 - June 2022)
- ❖ Intermediate (UP Board) | A.B.I.C. Ghazipur   *81.00%| 2019*
- ❖ High School (UP Board) | A.B.I.C. Ghazipur   *87.17%| 2017*

EXPERIENCES

- ❖ **Software Engineer**

  I am a Software Engineer passionate about building scalable and efficient applications. I deepened my expertise in Node.js, Reactjs, Nextjs, Javascript, SQL, Postgres, and cloud technologies. Now, in my full-stack developer role, I focus on crafting robust APIs, optimizing performance, and delivering seamless user experiences.

  I thrive on problem-solving, whether tackling complex algorithms or architecting modern software solutions. Beyond coding, I enjoy singing, exploring technology, and finding creative ways to contribute to impactful projects.

  I believe in continuous learning, collaboration, and innovation.
  Tech Stack: Node.js, Next.js, React.js, React Native, PostgreSQL.

PROJECTS

❖ **Online Learning Platform**   Project Link

Developed a full-featured Online Learning Platform that enables instructors to create and sell courses while allowing students to enroll and learn. Implemented secure user authentication, role-based access control (RBAC), and an intuitive UI/UX for seamless navigation. Integrated efficient data handling and optimized database performance using Entity Framework Core and SQL Server.
Tech Stack: ASP.NET Core MVC, C#, Entity Framework Core, SQL Server, JavaScript, HTML, CSS, Bootstrap, REST APIs, Identity Framework.

❖ **TribeSphere: A Social Networking Platform**   Project Link

This is a social networking platform which connects users based on their hobbies, interests and goals, built using React.js, Node.js, Express.js, EJS and PostgreSQL.

❖ **Task Manager Web Application**   Project Link

This is a user friendly task management platform to enhance productivity, built using HTML 5, CSS 3, Javascript, Bootstrap, Node.js, Express.js, EJS and PostgreSQL.

STRENGTHS

- Problem Solving

- Good Listener

- Collaboration

HOBBIES

- Playing Cricket and Listening Music
